

Fall Protection Systems Project List

Since 1994 Mr. Elmore has designed and engineered a variety of fall protection systems and anchors. We also partner with installers we know and trust to perform the unique and challenging installation of fall protection equipment. The following is a partial list of the clients and projects we have successfully engineered and installed over the past 16 years.

Client	Project(s)
20th Century Fox Studios Los Angeles, CA	Horizontal lifelines in 23 soundstages
20th Century Fox Studios Los Angeles, CA	Horizontal lifeline in Chiller Plant
Sony Pictures Studios Culver City, CA	Horizontal lifelines in 12 sound stages
